Minano Hatsuharu

The heroine, Junpei's teacher. She deeply loves Junpei, her first.

A black and white manga illustration. In the upper right, a woman with long hair in a ponytail (Manamo) is shown from the chest up, looking down with a surprised expression. In the lower left, a younger woman with short hair (Kohina) is sitting, looking up at Manamo with a shy or nervous expression. The background shows some architectural details like a door handle and a light switch.

Manamo Hatsuharu

The eldest of the three, a senior teacher.
Motherly and kind, she's a good friend of Junpei's.

Junpei and his neighbors Minano and Manamo were at it again one day, when the youngest sister Kohina saw those three at their antics, and she fell in love with Junpei too. Then some time later, Junpei broke his leg. While on one of her frequent visits to his hospital room, Kohina confessed her love for him, and they consummated it after much inner strife. At first Minano and Manamo were in a confused state, but before long they accepted Kohina's feelings, and promised to all love Junpei together. Then Kohina, the only one at a different school, transferred to theirs, and now the bonds between the sisters and Junpei deepen further ... ♡

Synopsis
